Vol. 3

July-December 1943

Nos. 1-6

Beginning with the July 1943 issue, Sections A - F of the Bibliography of Agriculture were combined in a single monthly publication. The scope of this bibliography has been broadened to include human nutrition, animal industry, and other agricultural subjects not covered in the previous lists. Each issue of this bibliography is organized in three parts:

- I. Publications of the United States Department of Agriculture, State Agricultural Experiment Stations, State Agricultural Extension Services, and Books and Pamphlets from other sources.
- II. Periodical and Serial Literature, classified by subject.
- III. Author and Subject Indexes.

The December issue contains the cumulated author and subject indexes for the volume.

This publication may be purchased from the Superintendent of Documents, Government Printing Office, Washington 25, D. C. Domestic subscription price, \$3.75 per year. Single copies may be obtained for 35 cents.

Washington, D. C.

U. S. D. A. Miscellaneous Publication 337, Abbreviations Used in the Department of Agriculture for Titles of Publications, is followed in this publication.

Items marked with an asterisk (*) are ordinarily available in microfilm or photoprint only. Items marked with two asterisks (**) have not been verified.

Except for printed publications of the Department of Agriculture, which are usually available in limited supply for free distribution, the publications listed herein are not available for free distribution from the Department. However, photoprint or microfilm copies of any publication listed may be obtained from the Library at the following prices:

MICROFILMS:

Periodical Articles.--A flat charge of 50 cents for any single article, from any single volume of a periodical, regardless of the length of the article.

Books and Serial Publications.--50 cents for each 50 pages or fraction thereof.

PHOTOPRINTS:

10 cents for each page of text, with a minimum charge of 50 cents per item.

Published with the Approval of the Director of the Bureau of the Budget.
